

SERIE ULTRA

SERIE ULTRA: FUERZA CON INTELIGENCIA

La Serie ULTRA de SERVOGYM sitúa la tecnología de servomotores en el centro del entrenamiento de fuerza. Este sistema permite controlar la resistencia electrónicamente y ofrecer distintos modos de trabajo, adaptando la experiencia a diferentes objetivos y niveles de exigencia.

A través de su pantalla táctil, el usuario puede configurar la resistencia y seleccionar el modo de entrenamiento. Los servomotores, junto con el control digital, definen una gama concebida para integrar fuerza, tecnología y facilidad de uso.

La serie reúne equipos específicos para los principales grupos musculares, con estructuras robustas, acabados metálicos e iluminación LED. Una estética común que aporta identidad y presencia a los espacios de entrenamiento.

SERVOGYM: Tecnología al servicio del movimiento.

CHEST PRESS
IMPULSE

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

LEG PRESS
DRIVE

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

ADDUCTION/ABDUCTION
BALANCE

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

LEG EXTENSION
VECTOR

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

LEG EXTENSION & LYING BACK CURL
DUO

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

SHOULDER PRESS
SUMMIT

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

SEATED ROW
TRACTION

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

BACK TRAINER
AXIS

Console	15.6” TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	1230x1220x1320 mm.
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

BICEPS CURL
PULSE

Console	15.6" TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	1350x1320x1550 mm.
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

PEC-DEC FLY
ARC

Console	15.6" TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

CHIN-UP/DIP ASSIST
ASCENT

Console	15.6" TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-100 kgs.
Main Frame	40x137x3.0 mm.
Assembly Size	--
Package Size	--
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Features	Wireless charging for mobile phone. LED strips light.

AI FUNCTION TRAINER
TITAN

Console	21.5" TFT touch screen.
Motor Power	1000w actual.
Resistance Range	1-70 kgs.
Main Frame	50x100x3.0 mm.
Assembly Size	1761x1191x2262 mm.
Package Size	2200x1300x600 mm.
Workout Mode	Standard, centrifugal, constant and spring workout mode.
Function	Wireless charging for mobile phone. LED strips light.
Max. User's weight	180 kgs.
G.W / N.W	307 kgs. / 284 kgs.
Loading QTY	36 sets / 40HC
